

Executive member 2 report, December 2005

Duncan Reid executivemembertwo@ifomt.org

Responsible for:
Research

Assisted by:

New Zealand	newzealand@ifomt.org
Norway	norway@ifomt.org
The Netherlands	netherlands@ifomt.org
Canada	canada@ifomt.org
Australia	australia@ifomt.org

Tasks include:

- Development of research portfolio and use of IFOMT website to disseminate research information and guidelines concerning manual and manipulative therapy interventions

Activities since last report:

- All MO's were asked to review their research postings on the website and ensure that they are up to date.
- New guidelines and links to relevant guidelines groups have been updated.

Future Activities:

- A teachers meeting had been proposed for the IFOMT congress in Rotterdam. Although not part of the research portfolio per se, this meeting will have a teaching and research focus in that topics to be discussed will include the integration of the latest research into teaching curricula.
